

Dr. Davinder Garcha PhD, MSc, BSc Medical Scientific Liaison

Dr. Davinder Garcha obtained a PhD investigating the microbiology of Chronic Obstructive Pulmonary Disease from University College London, in addition to an MSc in Molecular Pathology (University of Leicester) and a BSc in Medical Microbiology (University of Warwick).

Following on from his exploratory research, he has authored and co-authored a number of publications in the field of respiratory medicine. In addition to his academic research, Dr. Garcha also has more than 2 years of experience in the pharmaceutical industry, focused primarily in the Medical Affairs arena, providing non-promotional advice to healthcare professionals.

Davinder joined the Protexin Human Healthcare team in January 2017 as a Medical Science Liaison, where his key responsibilities include providing medical and scientific support to healthcare professionals in the UK.
